**The Ventre's Adventures Promise:**

We are dedicated to keeping you safe while also providing you with the most cost effective, action packed day. Hang Gliding cost \$200 individually, and Durhamtown never allows people to split SXS--except for us! We are so excited to have partnered with businesses who truly want to give the best possible experience for your family and have discounted accordingly.

These experiences filled up within a week. Please RSVP by **July 31st** at the latest to secure your spot. You can always invite friends! There are no refunds unless weather prohibits us from the activity.
